## Career objectives

---

Java Full Stack Developer with solid understanding of Java and Front-end technologies like HTML, CSS, JavaScript, and Spring Boot. Skilled in SQL and PL/SQL programming for Oracle Database, including data modeling and query optimization. Eager to contribute technical skills and a commitment to learning to deliver impactful full stack solutions as part of your team.

## Skills

---

**Programming Language:** Java, JavaScript

**Frontend:** Html, CSS, Bootstrap

**Database:** Sql, Pl/Sql ,Oracle

**Frameworks:** Spring Boot, Microservices

**Soft Skills:** Teamwork and collaboration, Communication, and Adaptability.

## EDUCATION

---

### Parul University

Vadodara, India

Achieved a cumulative GPA of 6.52, demonstrating consistent academic performance throughout the program. 2021 – 2025

### Sri Chaitanya Junior College

Guntur, India

Achieved an academic score of 88%, demonstrating consistent excellence in coursework. 2019 – 2021

### Bhavishya high Schools

Addanki, India

Achieved a score of 9.3 out of 10 in the grading system. 2018 – 2019

## PROJECTS

---

### BEYOND SKIN DEEP

- Early detection of skin conditions often requires specialist access, which can be costly and limited in remote areas.
- To design an AI-based system capable of identifying and classifying common skin diseases from images to support preliminary diagnosis.
- Built and trained machine learning models using Python, TensorFlow, developed a Flask-based web interface integrated with a MySQL database for storing and displaying diagnostic results.
- Achieved over 95% accuracy in skin condition detection, improving accessibility to dermatological insights through an easy-to-use web application.

### WEATHER APPLICATION

- Developed a responsive weather forecasting application that provides real-time weather updates using the Open Weather map API.
- Implemented geolocation and city-based search features with dynamic UI updates using Java script.
- Achieved 98% data accuracy and improved user experience through optimized API handling and intuitive design.

## ADDITIONAL INFORMATION

---

**Languages:** English, Telugu, Hindi

**Certification:** Certified Java Programming Fundamentals,Infosys, November 2025

Certified full stack web development internship, Slash Mark, March 2025

AWS certified developer-Associate, November 2025
